AJMAL N K

Kerala, India ajmalnk2001@gmail.com +91 7025762916 www.linkedin.com/in/ajmal-nk2000

SUMMARY

Detail-oriented **Software Developer with hands-on experience in building and maintaining web applications using .NET Technologies (C#,Asp .NET)**, combined with strong foundational knowledge in **.NET development and frontend technologies (HTML, CSS, JavaScript)**.
Proficient in **object-oriented programming (OOP) principles, backend logic implementation, database management,and responsive web design** with practical experience using **SQL,MYSQL,, and Postman, and JIRA**. Strong understanding of **STLC, SDLC, and Agile methodologies**, with the ability to work in fast-paced development environments.
Experienced in **Database design, SQL queries , and backend operations** ensuring data integrity and high application performance. Adept at debugging ,troubleshooting, and collaborating with cross-functional team to deliver robust software solutions.
Seeking opportunities as **.NET Developer / Software Engineer /Backend Developer / Automation Tester**

SKILLS

Programming & Development
Manual Testing | C# | .NET Core | ASP .NET | Javascript | HTML5
Tools
Visual Studio | VS Code |Git | Github | Selenium WebDriver | TestNG |
Programming & Development
Java | SQL | **.NET Core | C# | ASP.NET | JavaScript | HTML5 | CSS3 | Bootsrap**
Database & API Testing
MySQL | SQL Queries | Data Validation | REST API Testing
Development Concepts
OOP Concepts | SDLC | STLC | Responsive Web Design | Full Stack Development
ADDITIONAL STRENGTHS

- Strong analytical and problem-solving skills
- High attention to detail
- Ability to work in Agile environments
- Quick learner with adaptability

EXPERIENCE

Full Stack Software Developer Intern

Luminar TechnoLab Kochin

- Detail-oriented Full Stack Software Developer with hands-on experience in building and maintaining web applications using ASP.NET, C#, and modern frontend technologies.
- Strong understanding of SDLC and Agile methodologies, with the ability to write clean, scalable code and collaborate effectively in fast-paced development environments.
- Experienced in backend design, database management using SQL, and optimizing server-side logic to ensure data integrity and peak application performance.
- Adept at troubleshooting, debugging, and working alongside cross-functional teams to deliver secure and high-performing software solutions.
- Seeking entry-level opportunities as a Full Stack .NET Developer, ASP.NET Developer, or Software Engineer in dynamic organizations.

Software Developer Intern

DDU-GKY KKM Soft

- Developed applications using **.NET technologies (C#, ASP.NET)**, gaining strong backend development knowledge.
- Built and tested **web interfaces using HTML, CSS, and JavaScript**, improving UI understanding.
- Applied **OOP concepts** to develop scalable and maintainable code.
- Performed **database operations using SQL**, supporting backend data validation.
- Collaborated with development teams, improving understanding of **end-to-end software lifecycle**.
- Gained exposure to debugging, code testing, and **development-to-testing transition workflows**.

Software Tester Intern

Marklance Info Tech

- Acted as **primary QA resource**, handling end-to-end testing activities for web applications.
- Designed and executed **test scenarios and test cases** based on business and technical requirements.
- Performed **functional, regression, integration, smoke, and UAT testing**, ensuring application stability.
- Conducted **backend database validation using SQL (MySQL)** to ensure data integrity.
- Executed **API testing using Postman and SOAP UI**, validating request-response flows.
- Logged, tracked, and verified defects using **JIRA**, ensuring proper defect lifecycle management.
- Collaborated with developers and stakeholders to resolve defects and improve product quality.

PROJECT

ShopZoid

- Development and implemented backend modules for **login, search, cart, and checkout functionalities using C# and ASP .NET.**
- Created and executed database operations , queries , and stored procedures using for **SQL Sever** and **MySQL** and robust backend data management.
- Conducted backend integration and database performance,identifying and resolving critical performance bottlenecks.
- Logged,Maintained backend architecture , code versioning , and project workflows using **.NET Core , C#** and **Git**

EDUCATION

Master of Computer Applications (MCA) — Pursuing

IGNOU • Kerala, India

Bachelor of Computer Applications (BCA)

MES College • Kerala, India • 2022

CERTIFICATIONS

Software Testing Internship — Marklance

NSDC Software Development
